

Fibronectin Rabbit mAb

Catalog No.: A12977 **Recombinant** **12 Publications**

Basic Information

Observed MW

300kDa

Calculated MW

272kDa

Category

Primary antibody

Applications

ELISA,WB,IF/ICC

Cross-Reactivity

Human, Mouse

CloneNo number

ARC2692

Background

This gene encodes fibronectin, a glycoprotein present in a soluble dimeric form in plasma, and in a dimeric or multimeric form at the cell surface and in extracellular matrix. The encoded preproprotein is proteolytically processed to generate the mature protein. Fibronectin is involved in cell adhesion and migration processes including embryogenesis, wound healing, blood coagulation, host defense, and metastasis. The gene has three regions subject to alternative splicing, with the potential to produce 20 different transcript variants, at least one of which encodes an isoform that undergoes proteolytic processing. The full-length nature of some variants has not been determined.

Recommended Dilutions

WB	1:2000 - 1:6000
IF/ICC	1:50 - 1:200

Immunogen Information

Gene ID

2335

Swiss Prot

P02751

Immunogen

Recombinant fusion protein containing a sequence corresponding to amino acids 1-2477 of human FN1 (P02751).

Synonyms

FN; CIG; FNZ; MSF; ED-B; FINC; GFND; LETS; GFND2; SMDCF; Fibronectin

Product Information

Source

Rabbit

Isotype

IgG

Purification

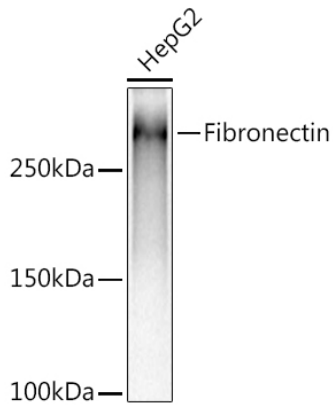

Affinity purification

Storage

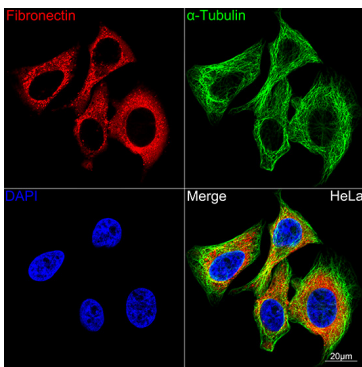

Store at -20°C. Avoid freeze / thaw cycles.

Buffer: PBS with 0.02% sodium azide,0.05% BSA,50% glycerol,pH7.3.

Validation Data

Western blot analysis of extracts of Hep G2 cells, using Fibronectin Rabbit mAb (A12977) at 1:5000 dilution.
Secondary antibody: HRP Goat Anti-Rabbit IgG (H+L) (AS014) at 1:10000 dilution.
Lysates/proteins: 25µg per lane.
Blocking buffer: 3% nonfat dry milk in TBST.
Detection: ECL Basic Kit (RM00020).
Exposure time: 10s.

Confocal imaging of HeLa cells using Fibronectin Rabbit mAb (A12977, dilution 1:50) (Red). The cells were counterstained with α-Tubulin Mouse mAb (AC012, dilution 1:400) (Green). DAPI was used for nuclear staining (blue). Objective: 100x.
