

MED23 Rabbit pAb

Catalog No.: A14090

Basic Information

Observed MW

Refer to figures

Calculated MW

54kDa/100kDa/155kDa/156kDa

Category

Primary antibody

Applications

WB, ELISA

Cross-Reactivity

Mouse, Rat

Background

Predicted to contribute to ubiquitin protein ligase activity. Acts upstream of or within positive regulation of T cell extravasation and positive regulation of gene expression. Part of mediator complex. Is expressed in several structures, including genitourinary system. Human ortholog(s) of this gene implicated in autosomal recessive non-syndromic intellectual disability. Orthologous to human MED23 (mediator complex subunit 23).

Recommended Dilutions

WB 1:500 - 1:2000

ELISA Recommended starting concentration is 1 µg/mL. Please optimize the concentration based on your specific assay requirements.

Immunogen Information

Gene ID

70208

Swiss Prot

Immunogen

Recombinant protein (or fragment). This information is considered to be commercially sensitive.

Synonyms

sno; Sur2; Crsp3; ESTM7; 130kDa; snouty; mKIAA1216; 3000002A17Rik; MED23

Product Information

Source

Rabbit

Isotype

IgG

Purification

Affinity purification

Storage

Store at -20°C. Avoid freeze / thaw cycles.

Buffer: PBS containing 50% glycerol, preserved with proclin300 or sodium azide (as specified on the Certificate of Analysis), pH 7.3.
