

HRP-conjugated Rabbit anti GST-Tag mAb

Catalog No.: AE114B

Basic Information

Observed MW

27kDa/33.9kDa

Calculated MW**Category**

Tag antibody

Applications

ELISA,WB

Cross-Reactivity

Species independent

CloneNo number

ARC50738-HRP

Conjugate

HRP

Recommended Dilutions

WB 1:2000 - 1:10000

Background

Glutathione S-transferases (GSTs), previously known as ligandins, comprise a family of eukaryotic and prokaryotic phase II metabolic isozymes best known for their ability to catalyze the conjugation of the reduced form of glutathione (GSH) to xenobiotic substrates for the purpose of detoxification. The GST family consists of three superfamilies: the cytosolic, mitochondrial, and microsomal—also known as MAPEG—proteins. Members of the GST superfamily are extremely diverse in amino acid sequence, and a large fraction of the sequences deposited in public databases are of unknown function. The Enzyme Function Initiative (EFI) is using GSTs as a model superfamily to identify new GST functions. A GST-tag is often used to separate and purify proteins that contain the GST-fusion protein. The tag is 220 amino acids (roughly 26 kDa) in size, which, compared to tags such as the Myc-tag or the FLAG-tag, is quite large. It can be fused to either the N-terminus or C-terminus of a protein. However, many commercially available sources of GST-tagged plasmids include a thrombin domain for cleavage of the GST tag during protein purification.

Immunogen Information

Gene ID**Swiss Prot****Immunogen**

A synthetic peptide corresponding to GST-Tag.

Synonyms

GST;GST tag;GST-tag

Product Information

Source

Rabbit

Isotype

IgG

Purification

Affinity purification

Storage

Store at -20°C. Avoid freeze / thaw cycles.

Buffer: PBS with 0.03% proclin300,50% glycerol,pH7.3.

Validation Data

Western blot analysis of various lysates, using HRP-conjugated Rabbit anti GFP-Tag (AE114B) at 1:1000 dilution.

Lysates/proteins: 20ng per lane.

Blocking buffer: 3% nonfat dry milk in TBST.

Detection: ECL Basic Kit (RM00020).

Exposure time: 10s.
