Rabbit anti-Human FAP mAb(DET□

Catalog No.: RMK0179

Basic Information

Catalog No.
RMK0179

Catagory
Elisa Antibody Kit

Application
ELISA

Product Information

Ig Type
Rabbit IgG

Purification
Affinity purification

Endotoxin Level

Storage
Store at -20℃
Avoid repeated freeze-thaw cycles.

Formulation
Supplied as a 0.2um filtered solution in PBS with 0.05%ProClin 300,PH 7.4.

Background

The protein encoded by this gene is a homodimeric integral membrane gelatinase belonging to the serine protease family. It is selectively expressed in reactive stromal fibroblasts of epithelial cancers, granulation tissue of healing wounds, and malignant cells of bone and soft tissue sarcomas. This protein is thought to be involved in the control of fibroblast growth or epithelial-mesenchymal interactions during development, tissue repair, and epithelial carcinogenesis. Alternatively spliced transcript variants encoding different isoforms have been found for this gene.

Immunogen Information

Immunogen
Recombinant Human FAP

Cross-Reactivity

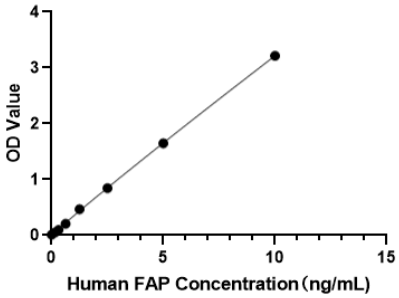

/

Assay Applications

Human FAP Sandwich ELISA Immunoassay

	Recommended Concentration	Sample
ELISA Capture	1-4ug/mL	Rabbit anti-Human FAP mAb(Cat. No.RMK0178)
ELISA Detection	25-100ng/mL	Rabbit anti-Human FAP mAb(Cat. No.RMK0179)
Standard	0.156-10U/mL	Recombinant Human FAP Protein(Cat. No.RP01348LQ)

Validation Data

This standard curve is only for demonstration purposes. A standard curve should be generated for each assay.
