Rabbit anti-Human SPARC mAb

Catalog No.: RMK0535

Basic Information

Catalog No.
RMK0535

Catagory
Elisa Antibody Kit

Application
CLIA

Product Information

Ig Type
Rabbit IgG

Purification
Affinity purification

Endotoxin Level
N/A

Storage
Store at -20℃.
Avoid repeated freeze-thaw cycles.

Formulation
Supplied as a 0.2 μm filtered solution in PBS with 0.05% Proclin 300, pH 7.3.

Background

This gene encodes a cysteine-rich acidic matrix-associated protein. The encoded protein is required for the collagen in bone to become calcified but is also involved in extracellular matrix synthesis and promotion of changes to cell shape. The gene product has been associated with tumor suppression but has also been correlated with metastasis based on changes to cell shape which can promote tumor cell invasion. Three transcript variants encoding different isoforms have been found for this gene.

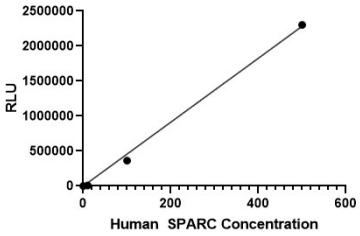

Immunogen Information

Immunogen
Recombinant Human SAPRC Protein

Cross-Reactivity

Assay Applications

Validation Data

This standard curve is only for demonstration purposes. A standard curve should be generated for each assay.
