

# Recombinant Mouse c-Kit/CD117 Protein

Catalog No.: RP01503 **Recombinant**

## Sequence Information

Species	Gene ID	Swiss Prot
Mouse	16590	P05532

### Tags

C-His

### Synonyms

W; Bs; Fdc; Ssm; SCO1; SCO5; SOW3;  
CD117; c-KIT; Tr-kit; Gsfsc01; Gsfsc05;  
Gsfscow3;CD117

## Product Information

Source	Purification
HEK293 cells	> 95% by SDS-PAGE.

### Endotoxin

<0.1EU/ $\mu$ g

### Formulation

Lyophilized from a 0.22  $\mu$ m filtered solution of PBS, pH 7.4.

### Reconstitution

Centrifuge the vial before opening. Reconstitute to a concentration of 0.1-0.5 mg/mL in sterile distilled water. Avoid vortex or vigorously pipetting the protein. For long term storage, it is recommended to add a carrier protein or stabilizer (e.g. 0.1% BSA, 5% HSA, 10% FBS or 5% Trehalose), and aliquot the reconstituted protein solution to minimize free-thaw cycles.

## Background

This protein is human homolog of the proto-oncogene c-kit. C-kit was first identified as the cellular homolog of the feline sarcoma viral oncogene v-kit. This protein is a type 3 transmembrane receptor for MGF (mast cell growth factor, also known as stem cell factor). Mutations in this gene are associated with gastrointestinal stromal tumors, mast cell disease, acute myelogenous leukemia, and piebaldism. Multiple transcript variants encoding different isoforms have been found for this gene.

## Basic Information

### Description

Recombinant Mouse c-Kit/CD117 Protein is produced by HEK293 cells expression system. The target protein is expressed with sequence (Ser25-Pro527) of mouse KIT/c-KIT/CD117 (Accession #NP\_001116205.1) fused with a 6 $\times$ His tag at the C-terminus.

### Bio-Activity

#### Storage

Store at -20°C. Store the lyophilized protein at -20°C to -80 °C up to 1 year from the date of receipt. After reconstitution, the protein solution is stable at -20°C for 3 months, at 2-8°C for up to 1 week. Avoid repeated freeze/thaw cycles.

## Validation Data

---

Recombinant Mouse c-Kit/CD117 Protein was determined by SDS-PAGE with Coomassie Blue, showing a band at 80-85kDa.
